

TTA pay fixation anomaly reaching final settlement.

We took up the issue of anomaly in the pay fixation of TTAs in the promotion committee meeting. Due to the anomaly, TTAs have lost thousands of rupees. The issue was seriously discussed in the Committee and an agreement was signed. Details of this agreement is already placed on our website earlier.

Since the issue involves pension implication also, our agreement was sent to the DOT, for Govt.'s approval. We have been continuously persuing this case with DOT also. Now, necessary communication is received from DOT. Corporate Office is processing the case for issuing order. We hope order will be issued shortly.
